

Disclaimer

- Investments in debt instruments are subject to reinvestment risks. Interest rates prevailing on interest amounts or maturity due dates may differ from the original coupon rate, potentially resulting in reinvestments at lower rates.
- If a client seeks our opinion on specific positions held by them, we may provide an appropriate view on the securities. However, such a view should strictly be considered an opinion, not advice. Clients are advised to independently evaluate our opinion and not consider it as consultancy. We are not liable for any losses the client may incur based on such opinions.
- We do not hold any positions in financial products or securities that are the subject matter of our advice.
- The names of products or the nature of investments mentioned do not guarantee prospects or returns. The performance of equity products may be adversely affected by company-specific factors, market changes, industry trends, and macroeconomic conditions.
- Investment in the market is subject to market risks. While we make every effort to analyze and predict market trends, no guarantees or assurances of returns or accuracy can be provided.
- The information on our website is updated periodically. However, VSpartans Consultants Private Limited disclaims all warranties, whether express or implied, regarding the quality, consistency, efficacy, completeness, performance, or fitness of the content on the website.
- Clients are advised to carefully read, understand, and agree to the terms and conditions, as well as the disclaimer, before availing of our services.
- We do not guarantee any profit or return on investments.
- The performance of investments or products may be affected by changes in government policies, interest rates, trading volumes, liquidity, and settlement systems in equity and debt markets.

- We do not offer profit/loss sharing services, guaranteed profit services, or Demat services.
- Registration granted by SEBI, and certification from NISM do not guarantee the performance of the intermediary or provide assurance of returns to investors.
- Any securities mentioned, if any, are for illustrative purposes only and are not recommendations.
- Investments in the securities market are subject to market risks. Please read all related documents carefully before investing.
